Dear Business Owners,

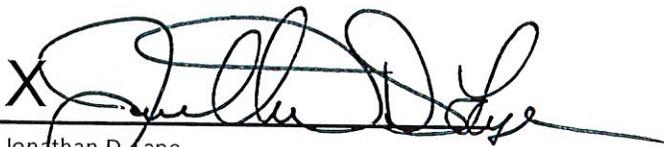

West Deer Township is committed to the health and safety of our residents and community. Due to the ongoing COVID-19 concerns, we are asking that you implement the following at your establishment:

Limit amount of cleaning products, paper products, and other emergency essentials that can be purchased at one time.

We are asking that this be followed so that everyone in our community has essential items that they may need in the near future.

If you have any further questions or concerns, please refer to our website. We will be updating it on a regular basis as we monitor this evolving situation.

Sincerely,

X 

Jonathan D. Lape
Chief of Police
